Frequently Asked Questions:

Can Britax car seats and booster seats be installed with inflatable seat belts?
 No. Current models being manufactured cannot. Some discontinued models can. The Inflatable Seat Belt Policy can be found at <https://us.britax.com/faqs/>.

Does Britax allow side rolls and crotch rolls?
 Britax allows side rolls if the positioning insert provided does not position the child as needed.
 Britax does not allow crotch rolls.

Are the B-Safe 35 series bases compatible with the B-Safe Gen2 series bases?
 Yes

9

Are the Impact Absorbing Chest pads required?

BRITAX CONVERTIBLES
In User Guide Section: Securing Your Child

IMPORTANT: Impact absorbing chest pads are highly recommended for forward-facing mode. Removal of chest pads is optional for rear-facing mode to ensure a snug fit for small infants.

Select models of CLICKTIGHT convertibles do not come with chest pads (typically black shells).

BRITAX HARNESS-2-BOOSTER

The user guide does not indicate they are optional or recommended. Therefore, they are considered required.

How much overhang is acceptable with any Britax car seat?

Harness Mode

- It is important that the base of the child restraint rests completely flat on the vehicle seat with no side overhang.
- It is permissible to allow up to 3 in. (7.6 cm) of the base to hang over the front edge of the vehicle seat.

Booster Mode

- Overhang is not allowed in booster mode. In booster mode, the base of the child restraint must fit completely on the vehicle seat.
